

Kanopy is a streaming service offered through the library, providing access to different movies, documentaries and series with no fees or commercials.

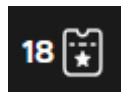

Getting Started

1. Open the app store on your device and download the Kanopy app. You can also use the resource in a web browser through the Fort Smith Library website (www.fortsmithlibrary.org) and selecting the Kanopy option under Books, Movies & More.
2. Click on the "Sign Up" option if you do not already have an account. When creating an account, you will need to log in to your email to verify the address.
3. After following the link in your email, you will need to enter your library card number. This card cannot be associated with any other Kanopy account.
4. You are now free to watch the different titles available with Kanopy!

Tickets

Each card has 18 "tickets" available at the start of the month. This can be seen at the top right of the screen. The number of tickets required to view each title is listed on each title's page. Most items will cost 2-4 tickets and remain available at no additional ticket cost for 48 hours, but this can vary by title. Episodic titles, like *The Great Courses*, will allow access for 14 days for the entire season selected. Trying to watch a title again after the loan has expired will result in additional tickets being used. Tickets will be reset to 18 total when the new month begins.
